We have most sections of the draft risk assessment prepared. We are preparing to add in the updated dietary information soon. Once we have that information we plan to submit for branch review early next week and I am hoping to have a draft prepared around December 31st.

Hi Mike / Will,

Would you be able to give me an update on when I might receive drafts of your memos for aldicarb, that I can work from?

Please let me know, what you can.

Many thanks!

Debra
